RIVERSIDE HIGH
SCHOOL
PAINESVILLE, OHIO

1963

We the staff of the 1963 Beavers' Tale gratefully dedicate our book to the Riverside-John R. Williams Parent-Faculty Club and the Riverside Boosters' Club.

Over the past years, these organizations, through the unselfish efforts of their members, have done an outstanding job of strengthening our school.

The P.F.C., as it is more commonly known, has over the years contributed funds to expand our library, to buy needed equipment and to aid departments needing funds which the board is unable to furnish. They also co-sponsor the Recognition Banquet with the Boosters Club and sponsor annually our Post Prom Party.

The Boosters' Club has graciously donated time and effort to the expansion of our athletic and recreational areas. They have also purchased equipment, uniforms and trophies for athletics and are now undertaking new projects which will make our athletic facilities among the finest in the state.

Both groups have combined forces to sponsor the Marine Band Concert which will be held here again in September. All proceeds are to be used to support the physical fitness program.

We are indeed thankful that we have people who care enough for us and our school to provide us with such fine support.

We Thank You,
THE STAFF OF THE 1963
BEAVERS' TALE

Representing the groups are Mr. James McKenzie, president of the Boosters' Club and Mrs. Earl Evans, president of the Parent-Faculty Club. Mr. Ed Benson, past president of the Boosters' Club is not pictured.

Riverside was honored this year by having two exchange students. Emilio Fuentes, from Santo Domingo in the Dominican Republic, became a new member of the Freeman Hill family. Constant political upheaval has prevented the Dominican Republic from taking part in the AFS program prior to this year. Emilio is one of five Dominican students in the United States. Because Emilio's American family is very similar to his actual family, he quickly adjusted to American life.

Kee Soon (Jimmy) Tan, whose home is in Kuala Lumpur, Federation of Malaya, has joined the Julius

Shula family for this year. Jimmy, a citizen of a young, united republic, has definite ideas and ideals concerning liberty and national freedom. Jimmy has said about Riverside, "Riverside will always remain in my mind as the school where I made so many wonderful friends; as the school where I learned a segment of 'Americanism.' My experience has certainly profited me a great deal in understanding the intricacies and complexities of America."

The attitudes of Emilio and Jimmy certainly illustrate the worth and success of the AFS program.

Ranking as the top scholars of the Senior Class are: *SEATED*, Tim Cermak and Earl Ives; *STANDING*, Bonnie Matchinga, Janice Webster, and Linda Fisher, who were selected on a basis of their seventh semester grades. From these students are selected the Valedictorian and Salutatorian of the graduating class.

The National Merit Scholarship Program is a nationwide search for students who demonstrate extraordinary ability and could benefit from a college education. The finalists this year are Janice Webster and Tim Cermak. These students are now eligible for scholarships offered by the National Merit Scholarship Corporation and various business and professional organizations.

These students were chosen because of their fine performance and interest in social science subjects. The Girl's and Boy's State program was initiated to acquaint youth with the functions of the state government. During the week at Ohio State, the participants run for offices in mock elections and go through procedures such as their offices warrant.

The Daughters of the American Revolution Good Citizenship Award was presented to Bill Stalker and Linda Fisher. This award is given to deserving seniors who score well on the Ohio history and government test and have displayed outstanding qualities of citizenship, patriotism, dependability, and service.

Janice received a Homemakers of Tomorrow pin and a certificate of award for her achievement, a distinctive honor in this nation-wide test. She was one of the top ten participants in the state.

Pictured below is Bob Hill, local and regional winner in the Prince of Peace speech contest. Under Mr. Shaner's tutoring, Riverside has established a fine record of excellence in the contest. The Beavers are proud of Bob for maintaining the tradition.

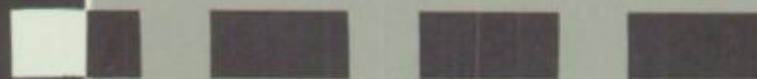

Mike Zeoli was one of 12 state winners in the All-Ohio Safety Poster Contest. His poster was selected from over 7,000 entries submitted by schools from all over the state. Next November Mike's poster design will be printed and displayed in some 1,500 Ohio schools.

SENIORS

As the senior class of "63", we can look back upon many fond memories and broadening experiences.

We proudly remember being the first seventh graders in the new John R. Williams Junior High School. Our hearts overflowed with feelings of adventure and hopefulness as we went from class to class in the long spotless halls. Our confidence rose when students in our class became the first members in the Junior National Honor Society at John R. Male members of our class plied their skill in the art of cooking in the "Chef's Club." Many class members experienced joy and remember the Washington Trip as quite an adventure.

In the eighth grade, our football team had a perfect record, and became the first undefeated team ever at Riverside and John R. Williams.

We finally received the title "Freshman" and wore it proudly. The selection of subjects and choice of activities lay before us. After two years of being "Seniors" in the Junior High, we thought we were the greatest, but a rude awakening awaited us at "the building across the road."

We managed to pull ourselves together just in time to be a part of our first N.E.C. Championship in football — and try our luck in all the new activities.

"Stalag 17" was certainly at the top of our Junior experiences. The outstanding all male cast, under the inspired direction of Mr. David Shaner, received a standing ovation on opening night.

Our first stroll down the isle, Harry Cunard and the new Pep Club started our senior year off with a BANG! To add another accomplishment we became co-champs in the newly formed Freeway Conference. Two members of our class were AFS students and represented Riverside High abroad. After semester exams, time seemed to fly. Basketball season, with all its excitement, ended . . . then we participated in "Bye Bye Birdie," our senior class play — which is considered to be one of the finest and most elaborate productions ever done at Riverside . . . then twisting to our hearts content at the Senior Class Dance . . . "Stage Nite" gave many of our classmates an opportunity to display their various talents. All these we shall remember.

Finally a time, which as seventh graders, we thought would never come — came — The prom and the post-prom party, the first phase in a whirl-wind series of events which would lead us to graduation.

Senior exams, awards assembly and Baccalaureate flashed by — Then that final night of silent recollection and gratitude — As we sat on the stage during commencement, many of the happy — and sad moments spent at Riverside were brought back to mind by a feeling of mixed emotion. The words of the commencement address at times became hazy as our minds drifted back to times past. We feel deeply indebted to our parents, to our teachers, to all those who have helped us, but most of all we are grateful to have been a part of our school and we hope that through our being a part, we have in some small way made Riverside an even better school than it was when we arrived.

BONNE ZIVNY

Pictured above are Tim Cermak and Linda Fisher, Riverside High School's first participants in the American Field Service exchange program.

Linda was selected to represent our school during the summer program in Istanbul, Turkey and Tim took part in the semester program in Bonn, Germany. Both students gained much through their experiences in living with their "families" abroad and having been given an opportunity to observe life at all cultural levels of their respective countries.

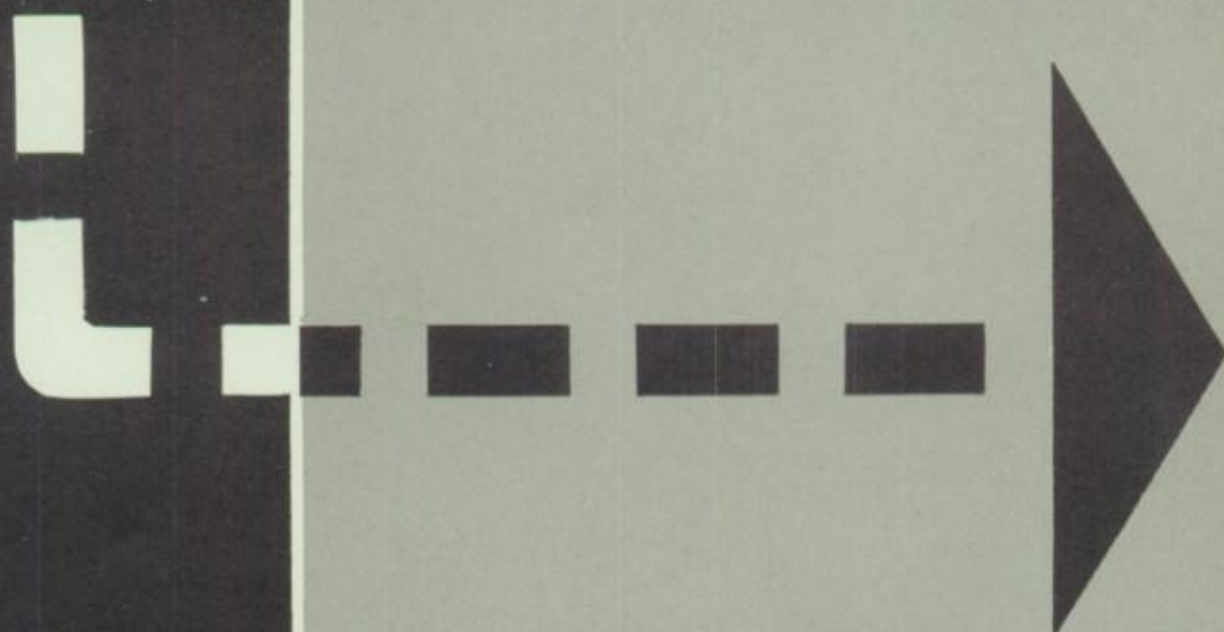

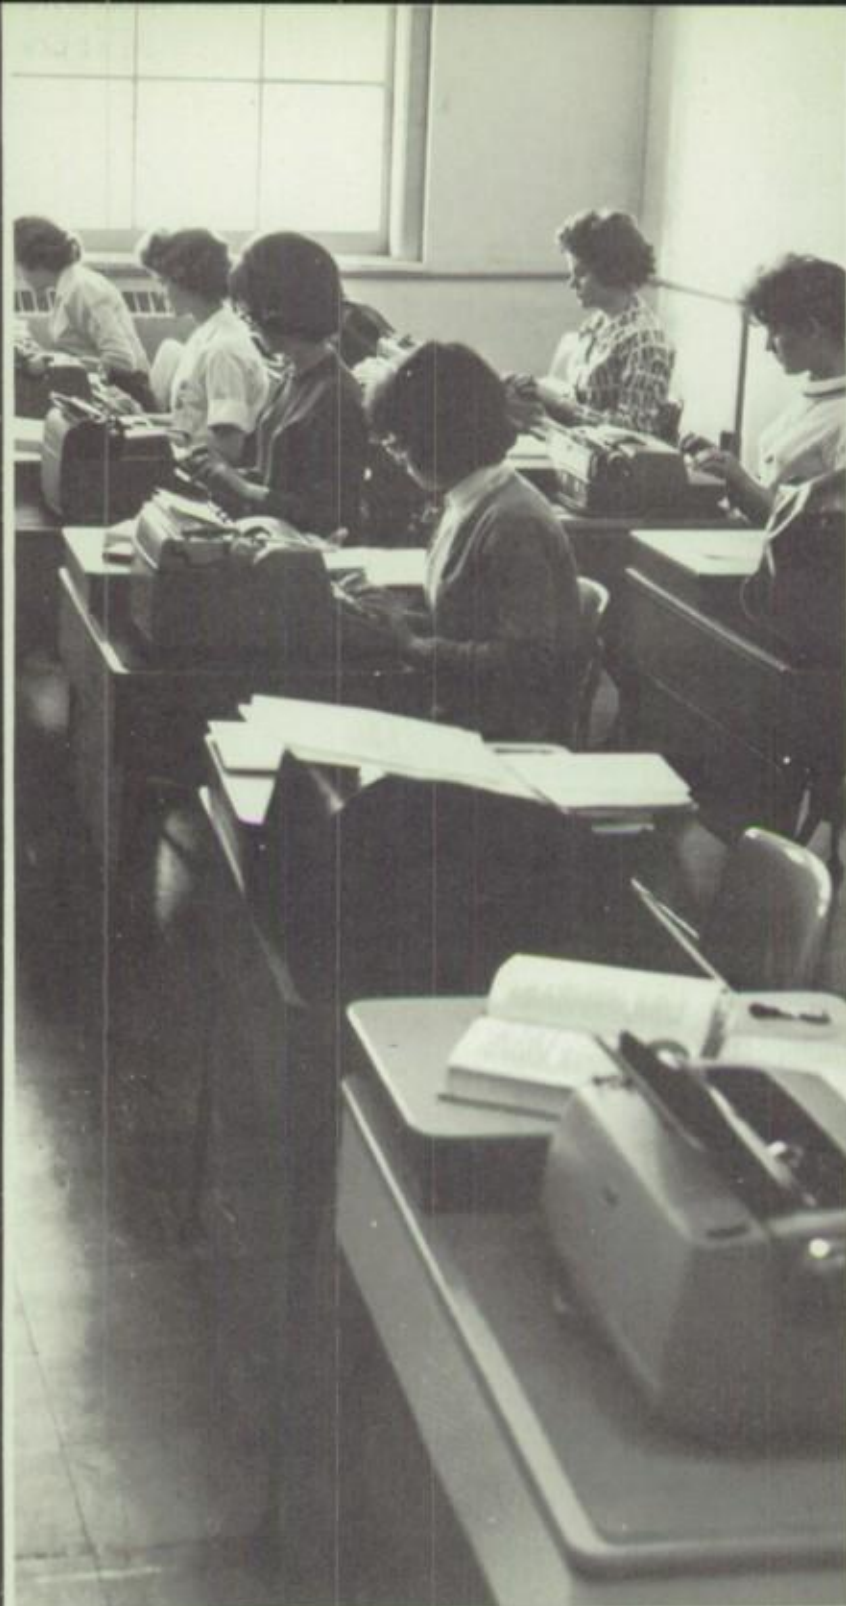

Although Linda did not attend school in Turkey, since it was not in session during the time she was there, she did enjoy summer sightseeing tours through the country.

Tim spent one semester attending school in Bonn and he too enjoyed the sightseeing when time permitted. He particularly enjoyed the city of Berlin with its infamous wall, separating free Germany from the Communist world.

Both students experienced some language difficulty, but after a time, both learned enough of the language of the country to be able to communicate adequately.

Through the fine work which the American Field Service is doing throughout the world is giving young people an opportunity to know and to actually be a part of each others culture for a time, a better understanding is gained of all people's problems. This could be an important step toward world peace.

THE MIRACLE

One of the most human triumphs of our time was the subject of the internationally acclaimed drama presented by the Junior Class on November 30 and December 1.

The Miracle Worker, by William Gibson, tells the story of how a determined young Irish girl named Annie Sullivan unlocked the mind and the soul of the child, deaf and blind from infancy, who grew up to become the notable world figure, Helen Keller.

Jo Ann LaMuth starred as the Boston Irish girl who dedicated her life to bringing the meaning of words to the little Alabama girl caged in her own deafness and blindness. Gloria Tiffany portrayed the young Helen Keller, a wild untamed child who is brought to the understanding of discipline and order in what critics all over the world have called one of the most harrowing scenes in modern theater.

This is the now legendary dining-room scene in the second act in which the newly arrived teacher and her untrained pupil have a violent knock-down, drag-out battle royal, the culmination of which is the first glimmering of light in the child's shrouded mind. Critics and parents alike have recognized in the encounter, and in the play, not only an unsentimental treatment of a physical disability, but also a description of the process of education in its most arduous sense of being led-out from darkness.

SWEET APPL

THE SENIOR CLASS

PRESENTS

BYE BYE BIRDIE

On March 15 and 16 the Senior Class presented "Bye Bye Birdie," a light hearted musical comedy. Written by Michael Stewart, this hit centers on the tribulations of Albert, who is about to lose a gold mine and is the victim of a tug-of-war between his mother and the girl he loves.

The "Birdie" in the title is Albert's gold mine, Conrad Birdie, a guitar-strumming singer whose sideburns, hoarse warbling and hip-swiveling have made him a teen-age idol. This slouching rockin' roll king having been summoned to the Army, Albert and Rose, his secretary-sweetheart, dream up a publicity stunt to make his departure so memorable that he can return to popularity after his military service.

The stunt is to have Birdie give a goodbye kiss to one of his adolescent fans under the glare, of course, of magazine and TV cameras. The Miss chosen at random to receive this farewell lives in a little town called Sweet Apple, Ohio, and when Birdie sweeps into the quiet community with his entourage, pandemonium ensues.

In addition to having his remunerative client swallowed up by the Army, the beleaguered manager has some other laughable troubles. His secretary-sweetheart, who has been waiting eight years for a wedding ring, announces she will wait no longer. The road to the altar, however, is blocked by the manager's possessive mother, forever reproaching him with her sacrifices and threatening suicide if her grown-up sonny-boy dares marry.

The Beaver Band, led by the enthusiastic drum major, two head majorettes and six regular majorettes, performed at all the half-time shows this past season. They were also seen marching in the Mardi Gras, Memorial Day, and Loyalty Day Parades. After the football season the Band began practicing for the Christmas Concert, Spring Concert, and the East Lake County High School Band Festival. Through their efforts last year and the help of the Beaver Band Club, the Band is proudly wearing their new uniforms. As a reward for the time spent this summer at practice, our Band played a short concert at the Ohio State Exposition in Columbus.

Adding the final touches to the halftime shows were "Billy the Beavers." This year Carolyn Crabbs and Bettina Hill were alternates while Paula Weber performed at all the games. Their acrobatic ability and support added a great deal to the marching band.

Leading the band this year was high strutting Tom Jesson. Tom's interest in twirling has added much to the band formations. He helps with the planning of the football shows and acts as student director in the absence of Mr. Denner. He has introduced new marching techniques to the band to help add variety to their steps.

Carolyn Crabbs, Paula Weber, Bettina Hill.

The Majorettes must be proficient in both instrumental music and twirling to attain their position leading the band.

"Take the grace of a ballerina, the dexterity of a juggler; add the poise of a model, the balance of a dancer, mix in the posture of an equestrian, the dignity of a queen . . . Take the quickness of a magician, the spirit of a cheerleader . . . Add a dash of confidence, a pinch of sweetness, the freshness of a flower . . . Mix in a bit of humility, a generous amount of personality . . . This simple combination, together with the love and faith, is the recipe for a RIVERSIDE MAJORETTE."

FUTURE NURSES

The primary aim is to acquaint the student with the field of nursing. To help the student better understand the preparation necessary in High School. This is done by field trips, talking to student nurses, and literature obtained through Schools of Nursing.

We also try to be of some service to our community and extend a helping hand to the less fortunate than ourselves. The members also act as Clinic Assistants so that in case of any emergency the proper people are notified.
